Innovation Events

We organise member-objective-oriented workshops, symposiums and conferences, supporting technology development and providing solutions to industrial challenges.

- Our events foster high-value dialogue by merging the scientific depth of academic conferences with the practical focus of industry trade shows, and consistently attract strong industry participation.
- Our events are focused to specific groups within our ecosystem providing curated audience of key stakeholders and allowing you to gain a competitive edge by connecting you with decision-makers.

We organise dedicated, industry focused Open Day workshops related to the public grant funded projects to support exploitation and dissemination of the project results – mapping key players and sister projects and inviting them as the workshop participants, speakers and panelists; preparing post workshop report.

AM4BAT Open Day Workshop participants

We organise technology development strategy and roadmapping workshops – mapping key players and inviting them as the workshop participants, speakers and panelists; facilitating workshop discussions and preparing post workshop reports.

GRAPHOSITE
A Graphene Sensor for Defect Detection and Predictive Maintenance in Composite Materials

Open Day 2019 Workshop

Date: 20 November 2019

Meeting Venue: Crausaz-Wordsworth Building
Robinson College
Adams Road
Cambridge
CB3 9AU

Organisers: Cambridge Nanomaterials Technology Ltd

We organise drinks receptions and networking dinners in the historic settings of Cambridge Colleges, as well as top-end hotels and restaurants around the world.

We co-organised and facilitated workshops and events related to advanced materials for the European Commission and UK Government (Innovate UK).

Innovate UK

Location

Cambridge Nanomaterials Technology Ltd
14 Orchard Way
Lower Cambourne
Cambridge CB23 5BN
UK
